**Appendix B – Required for Trail Rehabilitation or Development**

Trail Rehab     New Trail

County	Township	Range	Section	¼ ¼	¼	GPS Coordinates:
Shawano	26 N	12	10	SW	SW	Lat. 44.74 Long. -89.04

Funded Trail Name or Number	Has this trail ever received development or rehabilitation funds in the past?
N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No    Year: _____ \$ _____

Trail is located on:	Length of Easement or Landowner Use Agreement	Expiration Date
<input type="radio"/> Private property <input checked="" type="radio"/> Public property	N/A years	

Landowner Where Trail is Located	Telephone Number
Village of Tigerton	(715) 881-1135

What other recreational trail uses are planned for this trail?

The 8.5 miles of new trails will be limited to OHM use only.  
If there are other Recreational uses planned, how much of the trail development/rehab. cost will be paid for by other users?

How many miles would be affected if this project is not funded?	If not funded, will this result in closure of a trail?
8.5	<input type="radio"/> Yes <input checked="" type="radio"/> No

Is this a critical section to the overall trail system?	Is there a reasonable alternative?
<input type="radio"/> Yes <input type="radio"/> No	

Does any section of this trail contain a bridge?	Will this bridge require rehabilitation in the next few years?	Load capacity of the bridge.
<input checked="" type="radio"/> Yes <input type="radio"/> No	<input type="radio"/> Yes <input checked="" type="radio"/> No	<input type="radio"/> Engineered <input type="radio"/> Estimated lbs. <input checked="" type="radio"/> Unknown

- Yes     No    Have you contacted your local DNR Water Management Specialist (WMS) regarding a permit?
- Yes     No    Is a permit needed? (Please provide any written correspondence from WMS.)
- Yes     No    Will this project be located near or cross any intermittent or perennial waterway? Surface Water Data Viewer
- Yes     No    Will this project be located near or cross any wetland?
- Yes     No    Will this project involve land disturbance – including clearing and grubbing – of 1 acre or more of land?  
DNR Storm Water Contact List. Note: Reasonable calculations of the treadway and actual soil disturbance determines this number.

**Trail Project Detailed Description**

The Embarrass River OHV Park proposes 8.5 miles of new trail for OHM's. This trail would be on the same ~500 acres as the current ATV trails but would provide pinch points to allow OHM's only on the new miles. The trail will use all current ATV trail structures (bridges/ culverts) for crossing waterways to avoid disruption of wetlands and minimize cost. This trail will incorporate some flatland woods riding as well as rock outcroppings to appeal to some of the riders who enjoy trail areas. The majority of work is cutting logging slash and installing signs. The major expenses are trail and route marking materials. Minimal power equipment may be needed. Volunteers will complete most of the work. OHM's would also be able to ride the approximate 20 miles of current Atv Trails on the property, which will allow families to all ride together if they have different types Off-highway vehicles.

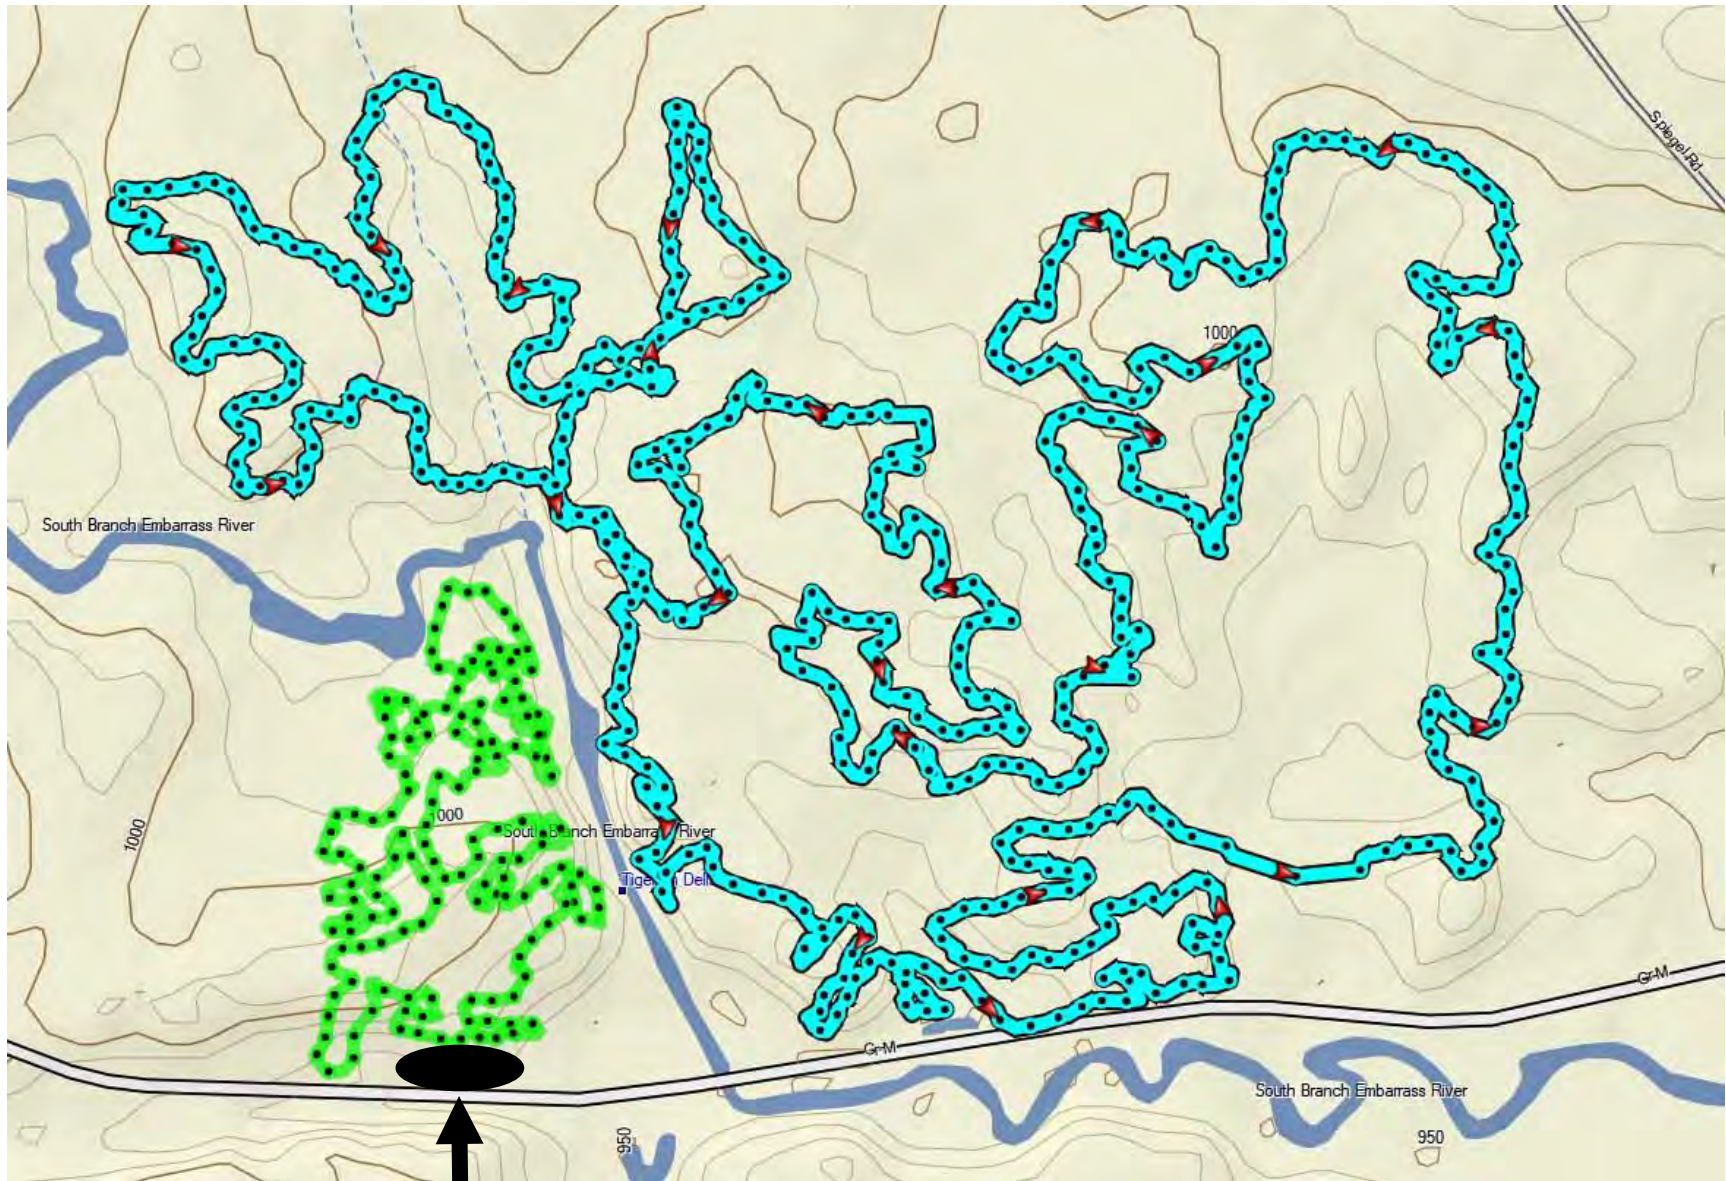

With approval from the Village of Tigerton and Shawano County Highway Department, we need to create an OHM Route to allow limited use motorcycles access to both sections of OHM trail since they are separated by a water body and only accessible by road, the proposed longest route would extend from the intersection of Hwy 45 and CTH M east on CTH M to the south access gate of the ATV trails (1.7 miles) and the entirety of Quad Park Lane. We have proposed three different route options if the overseeing departments don't agree with the fullest extent of the route. Both of these roads listed above are already designated as ATV route. Village employees will install route signs to DOT specifications. Labor and cost of signs will be in the only expenses for the route. Trail will be closed to OHM's in winter,
