Project Description Summary

Langlade County is applying for trout funding on two sections of forest roads receiving county forest road aids. These sections are existing main connections within the Langlade County ATV/UTV trail system. Both sections are spring-summer-fall ATV and UTV, as well as, snowmobile and winter ATV trails. The summer use these segments have received has increased dramatically over the past several years. The minimal maintenance funding through the county forest road aids program is insufficient to maintain the roads with the increased use. Langlade County is requesting trout funding for two segments totaling 2.3 miles.

Langlade County Winter ATV trails open ten days after the snowmobile trails open. They are open to ATVs only when the temperature is less than 28 degrees. UTVs are not permitted on the Langlade County Winter ATV trail system.

I certify that all maintenance land use agreements are on file.
