Bridge Project Detailed Description

Burnett County is requesting funding for a bridge rehabilitation project on Snowmobile/Winter ATV Corridor Trail 45 in western Burnett County. This 30'x12' bridge was installed in 2003, and is rated for 12,000 pounds. The bridge deck is very worn and in need of replacement. Rehabilitation of the bridge has been requested by the DNR Property Manager and the snowmobile club. We propose replacing the bridge deck and adding steel supports to bring the bridge up to a 25,000 pound load rating. This segment of Trail 45 runs through Crex Meadows State Wildlife Area and is an important corridor connecting Grantsburg to Danbury.
