- Yes No Will this project involve land disturbance – including clearing and grubbing – of 1 acre or more of land? (Less than 4/10th mile for a typical trail) [DNR Storm Water Contact List](#)

Trail Project Detailed Description

This will be a resurfacing project to replace limestone surface that has be lost over the past several years due to excessive use and flooding. 1,000 cubic of yards of gravel will be spread over each mile of rehabilitated trail, 12 feet wide by 4 inches thick and compacted to provide a smooth riding surface over the old railroad corridor.

Green County Wisconsin • *Oh, What Fun*

This is a picture showing the loss of base materials that we experience on a regular basis on the Cheese Country trail. We continue to grade, but we don't have any gravel left in spots to work with. This is Allen to Allum in Green County. Thanks Tom

Allentown to Allum in Green Co
