

## **Quick Start Guide for Getting a Unique Entity ID (SAM)**

You can get a Unique Entity ID (SAM) for your organization without having to complete a full entity registration. If you only conduct certain types of transactions, such as reporting as a sub-awardee, you may not need to complete an entity registration. Your entity may only need a Unique Entity ID (SAM).

If you want to only get a Unique Entity ID (SAM) and do not want to complete a full entity registration in SAM.gov, choose one of the following links that best describes your entity:

### **Your entity has a DUNS Number and is registered in SAM.gov**

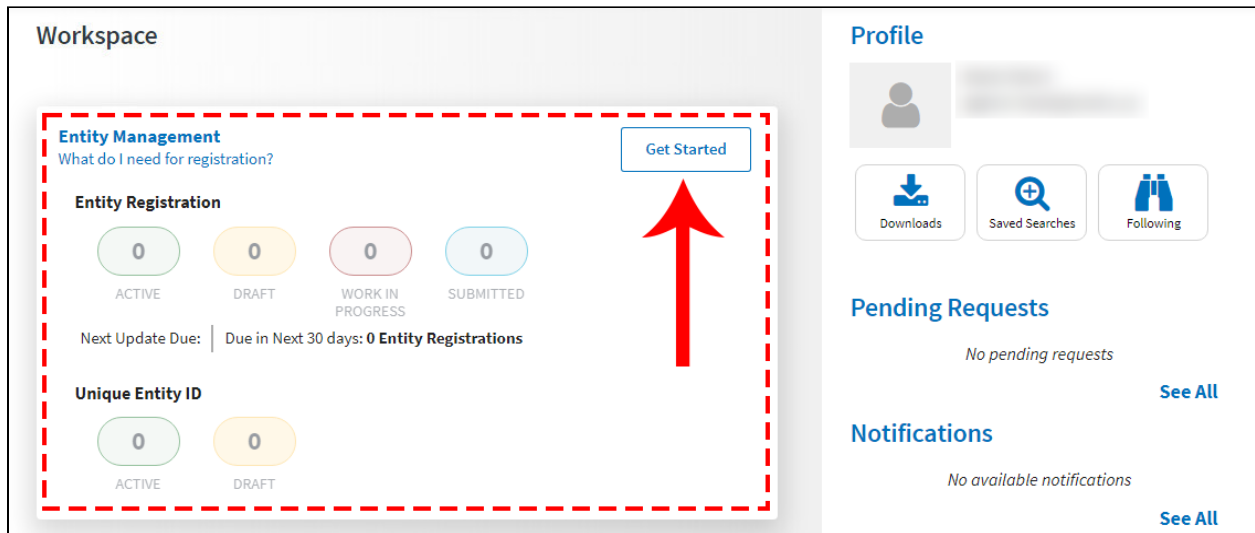

If you have an active or inactive registration in SAM.gov today, you've already been assigned a Unique Entity ID (SAM). It's viewable on your entity registration record in SAM.gov. [Learn how to view your Unique Entity ID \(SAM\) here.](#)

### **Your entity has a DUNS Number and is not registered in SAM.gov**

If you currently have a DUNS Number, only need to get a Unique Entity ID (SAM), and do not want to complete a full entity registration in SAM.gov, follow these steps to get a Unique Entity ID (SAM):

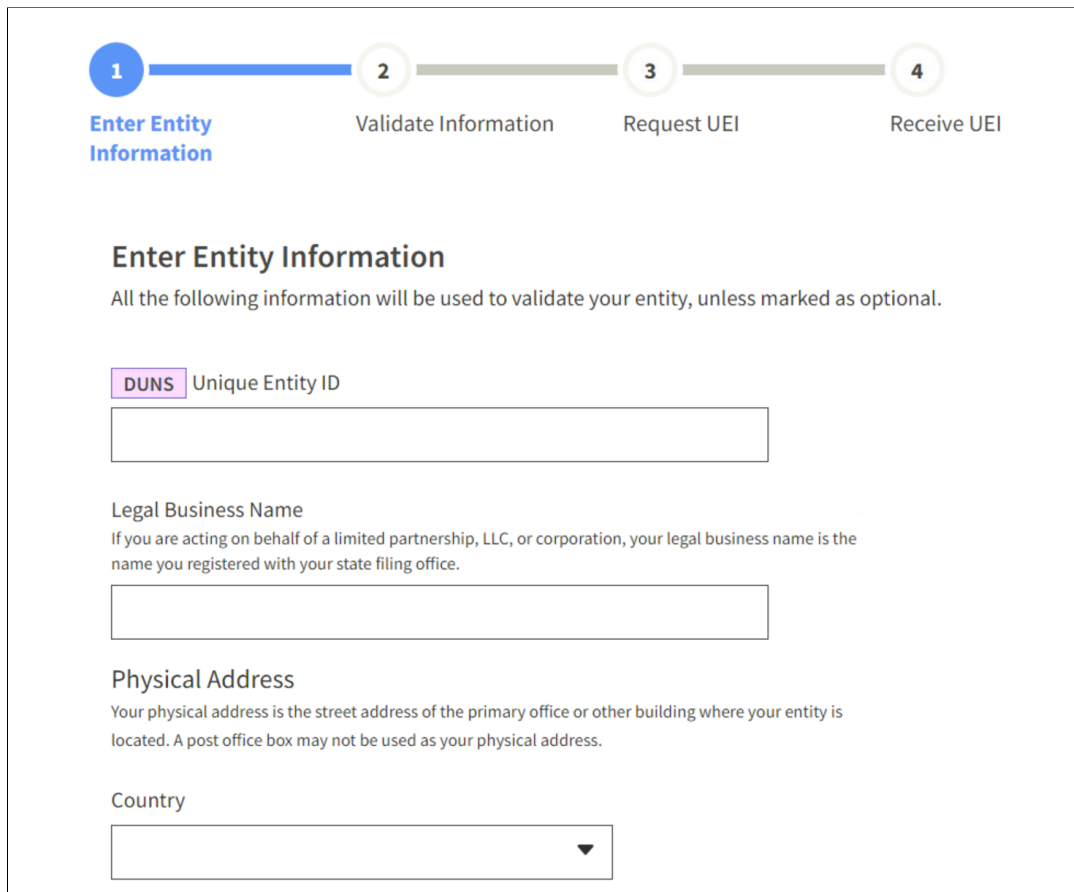

1. Go to SAM.gov and select "Sign In" from the upper right corner of the page. If you do not have a SAM.gov account, you will need to create one. SAM.gov uses Login.gov for authentication. More help with using Login.gov [can be accessed here.](#) Once you create your user credentials, you will return to SAM.gov to complete your profile.

2. After you sign in, the system will navigate you to your Workspace. On the “Entity Management” widget, select the “Get Started” button.

The screenshot shows the SAM.GOV Workspace interface. The main content area is titled "Workspace" and contains an "Entity Management" widget. This widget is highlighted with a red dashed border and a red arrow pointing to a "Get Started" button. The widget displays statistics for "Entity Registration" (0 Active, 0 Draft, 0 Work in Progress, 0 Submitted) and "Unique Entity ID" (0 Active, 0 Draft). Below these statistics, it indicates the "Next Update Due" is "Due in Next 30 days: 0 Entity Registrations". The right sidebar shows the user's "Profile", "Pending Requests" (No pending requests), and "Notifications" (No available notifications).

3. On the next page, enter information about your entity. All fields are required, unless marked as optional.

The screenshot shows the "Enter Entity Information" form, which is the first step in a four-step process. The steps are: 1. Enter Entity Information, 2. Validate Information, 3. Request UEI, and 4. Receive UEI. The form includes the following fields:

- DUNS Unique Entity ID:** A text input field.
- Legal Business Name:** A text input field with a note: "If you are acting on behalf of a limited partnership, LLC, or corporation, your legal business name is the name you registered with your state filing office."
- Physical Address:** A text input field with a note: "Your physical address is the street address of the primary office or other building where your entity is located. A post office box may not be used as your physical address."
- Country:** A dropdown menu.

4. On the next page, validate that the information provided is correct. If the information provided does not match your Dun & Bradstreet record exactly, you will be able to proceed. For assistance updating your Dun & Bradstreet record, please contact Dun & Bradstreet.

Deselect the checkbox near the bottom of the page if you want to restrict the public viewing of your entity information in SAM.gov. If you deselect the checkbox, only you and federal government users will be able to view your Unique Entity ID (SAM) record. Other entities and users of SAM.gov will not be able to view your Unique Entity ID (SAM) record. Then, select “Next.”

## Your entity does not have a DUNS Number and today's date is before April 4, 2022

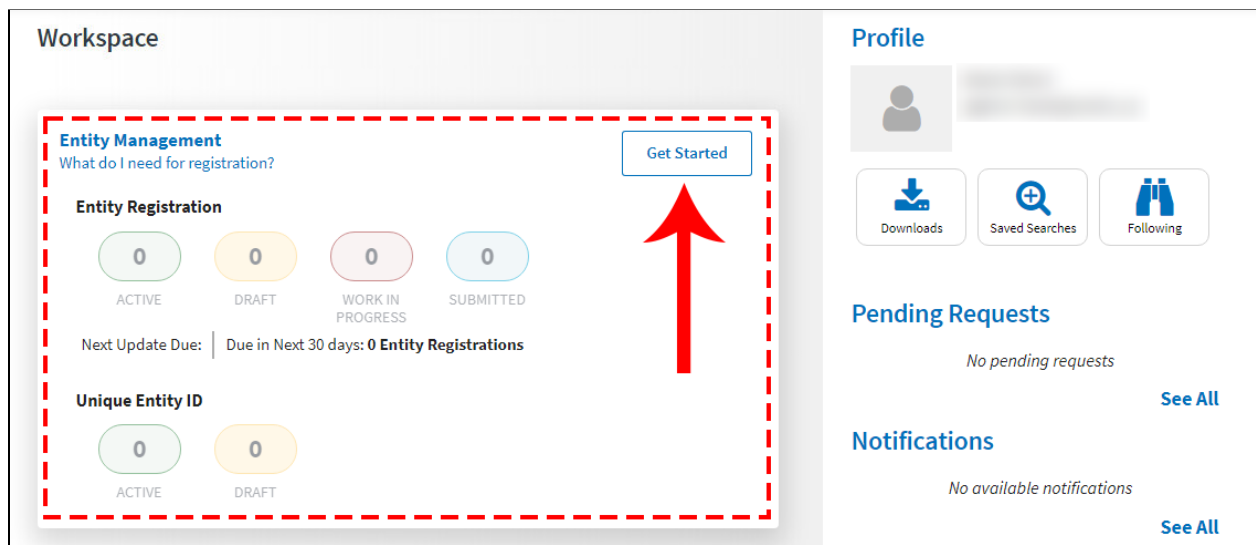

Before April 4, 2022, the DUNS Number issued by Dun & Bradstreet is the authoritative entity identifier used by the federal government. You need to get a DUNS Number first before you can request a Unique Entity ID (SAM).

Go to [fedgov.dnb.com/webform](https://fedgov.dnb.com/webform) to request a free DUNS Number. It can take 1-2 business days before your DUNS Number is issued. When you are assigned your DUNS Number, return to SAM.gov and follow the steps outlined under the "[Your entity has a DUNS Number and is not registered in SAM.gov](#)" section of this guide.

## Your entity does not have a DUNS Number and today's date is after April 4, 2022

After April 4, 2022, the federal government will have no requirement for the DUNS Number. You can get a Unique Entity ID (SAM) for your entity on SAM.gov. The Unique Entity ID (SAM) is provided to entities who request to only get a Unique Entity ID (SAM) and to entities who complete an entity registration.

Sign in to your SAM.gov account and the system will navigate you to your Workspace. On the "Entity Management" widget, select the "Get Started" button to begin requesting your Unique Entity ID (SAM).

The screenshot displays the SAM.gov Workspace interface. On the left, the 'Entity Management' widget is highlighted with a red dashed border. It features a 'Get Started' button in the top right corner, which is pointed to by a red arrow. Below this button, the 'Entity Registration' section shows four categories: ACTIVE (0), DRAFT (0), WORK IN PROGRESS (0), and SUBMITTED (0). A 'Next Update Due' indicator shows 'Due in Next 30 days: 0 Entity Registrations'. The 'Unique Entity ID' section below shows two categories: ACTIVE (0) and DRAFT (0). On the right side of the workspace, there is a 'Profile' section with a user icon and three buttons: Downloads, Saved Searches, and Following. Below that is a 'Pending Requests' section with the text 'No pending requests' and a 'See All' link. At the bottom is a 'Notifications' section with the text 'No available notifications' and a 'See All' link.
