After registering, you will get a confirmation email containing information about joining the meeting.

public works directors, city councilors, board members, tribal council members, and clerks

- Consultants and technical assistance providers serving water and wastewater systems

About the Funding Programs

FOCUS ON ENERGY® — Wisconsin utilities' statewide program for energy efficiency and renewable energy helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources, and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.

The purpose of the [DNR Environmental Loans Section](#) is to administer affordable financial assistance to communities within Wisconsin for water infrastructure projects that protect and improve public health and water quality for current and future generations:

- **Clean Water Fund Program (CWFP)** for wastewater and water-quality-related storm water infrastructure projects
- **Safe Drinking Water Loan Program (SDWLP)** for drinking water infrastructure projects
