

Companies interested in registering as a bidder with the State of Wisconsin should register on <https://esupplier.wi.gov>. The Wisconsin eSupplier Portal for bidders provides easy access to information about state agency bidding opportunities related to purchases of goods and services. Bidding and the time required to identify new vendors is minimized while vendors are automatically notified of opportunities in their area of interest. See the [eSupplier Bidder FAQ](#) for registration instructions and additional bidder information. After your account has been created, go to the **My Information** section of the home page and select NIGP codes in order to receive automatic notifications by email for any solicitations that match the codes saved to your profile.
