

Sensitive Species List

NHI Working List Elements to be Generalized to County Level

Many of the species, natural communities, and natural features included on [Wisconsin's NHI Working List](#) are vulnerable to collection and disturbance. Accordingly, the locations of elements on the NHI Working list should be generalized to **township level** when working with the public. The elements below are *particularly sensitive* to collection and disturbance and should be generalized to **county level**.

Scientific Name	Common Name
Animal Aggregation Sites	
	Bat Hibernaculum
	Herp Hibernaculum
Birds	
<i>Accipiter gentilis</i>	Northern Goshawk
Mammals	
<i>Eptesicus fuscus</i>	Big Brown Bat
<i>Myotis lucifugus</i>	Little Brown Bat
<i>Myotis septentrionalis</i>	Northern Long-eared Bat
<i>Perimyotis subflavus</i>	Eastern Pipistrelle
Natural Communities	
	Algific Talus Slope
Mussels	
<i>Villosa iris</i>	Rainbow Mussel
Plants	
<i>Oxytropis campestris var chartacea</i>	Fassett's Locoweed
Reptiles	
<i>Carphophis vermis</i>	Western Wormsnake
<i>Crotalus horridus</i>	Timber Rattlesnake
<i>Glyptemys insculpta</i>	Wood Turtle
<i>Regina septemvittata</i>	Queensnake
<i>Sistrurus catenatus catenatus</i>	Eastern Massasauga Rattlesnake
<i>Terrapene ornata</i>	Ornate Box Turtle
<i>Tropidoclonion lineatum</i>	Lined Snake

Elements to be Generalized to Township Level

The below species are vulnerable to collection and disturbance. Although these species are no longer included on the NHI Working List, since data associated with them is still managed by the NHI program, their locations should be generalized to **township level** when working with the public.

Scientific Name	Common Name
Amphibians	
<i>Ambystoma maculatum</i>	Spotted Salamander
<i>Lithobates catesbeianus</i>	American Bullfrog
<i>Lithobates pipiens</i>	Northern Leopard Frog
Plants	
<i>Panax quinquefolius</i>	Ginseng

Scientific Name	Common Name
Reptiles	
<i>Diadophis punctatus edwarsi</i>	Northern Ring-necked Snake
<i>Eumeces fasciatus</i>	Common Five-lined Skink
<i>Graptemys pseudogeographica</i>	False Map Turtle
