

# Portable Restroom Vehicle Requirements

*Revised 07/13/2023 SSW*

# Lettering—One Side of Vehicle

---

Each licensee shall display on at least one side of the septage vehicle the words “*Wisconsin Sanitary Licensee*” and immediately under those words “*License No.* ” with the number of its license.

*Important Note: Letters and numbers must be at least 2 inches high, and lettering and numbering must be in distinct color contrast to its background.*

Reference: subd. NR 113.06(2)(m)2., Wis. Adm. Code

**IMPORTANT:** If the portable restroom vehicle is used solely for servicing portable restrooms, then several **exemptions may** apply.

# Exemption 1. Shutoff Valves for Suction Hoses

---

Typically, hoses and pipes shall be connected, sealed, capped, or clean with water between uses.

Vehicle is used solely for servicing and transporting portable restrooms

**Alternative Option** → two shutoff valves

- One valve located at the tank, and
- Other shutoff valve located on the wand end of the suction hose

Reference: par NR 113.06(2)(k), Wis. Adm. Code

# Exemption 2. Business Sticker Placement

## Alternative Option → flexible sticker location

- Vehicle solely used for servicing and transport of portable restrooms
- Placement of the sticker prevents visibility (ex: obstructed by portable restrooms during transport)
- Alternative sticker location must be approved by DNR

# Exemption 3. Lettering-Capacity (Gallons)

**Alternative Option** → no lettering required for small capacity tanks

- Capacity lettering requirement does not apply if tank capacity less than or equal to 1,000 gallons **AND** the vehicle is used solely for servicing and transporting of portable restrooms
- Volume does not include clear water.

**IMPORTANT:** Tank capacity lettering no longer required for these vehicles.
