****Please note:** The Sportsmans Landing site is a freestyle underplanting site. It will be planted with white pine on an approximate 10x10 foot grid over the entire planting site. This equates to approximately 435 trees per acre. This site has had no site prep of any kind. It was recently thinned in a timber sale but retains a significant overstory of mature trees.

***Please note:** The last 12 sites are interplant sites. They will be planted at the following approximate stocking rates:

| | |
|-------------------|--|
| Pincherry Lake PJ | - 200 Trees/Acre |
| Jenny Barns | - 560 Trees/Acre in PR portion and 160 Trees/Acre in PW portion. |
| Clear Lake Island | - 250 Trees/Acre |
| Johnson Lake | - 160 Trees/Acre |
| High Lake | - 130 Trees/Acre |
| Rudolph Road | - 280 Trees/Acre |
| Shore Drive | - 260 Trees/Acre (this is a freestyle interplant site) |
| Turtle T | - 210 Trees/Acre |
| Lost Rod Lake | - 200 Trees/Acre |
| Stone Lake Road | - 200 Trees/Acre |
| Little John | - 180 Trees/Acre |
| Allequash Lake | - 230 Trees/Acre |

All other sites are new planting sites and will be planted at the full rate of 910 Trees/Acre (except for the Sportsmans Landing site as noted above). Please refer to the planting maps and bid materials for more information.
