

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF INTENT TO REISSUE A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No.WI-0023051-10-0

Permittee: LEBANON SANITARY DISTRICT #2, 111 Canary Circle, Watertown, WI, 53098-7702

Facility Where Discharge Occurs: Lebanon Sanitary District #2 WWTF, 111 CANARY CIRCLE, WATERTOWN, WISCONSIN

Receiving Water And Location: Unnamed Tributary of the Rock River (Sinissippi Lake Watershed, UR08 - Upper Rock River Basin) in Dodge County.

Brief Facility Description and Summary of Proposed Changes: Lebanon Sanitary District #2 operates a modified sequencing batch reactor (SBR) for treatment with an aerobic digester for solids treatment. The influent is primarily residential in nature. The influent is directed to one of two SBR tanks. Preliminary treatment consists of a fine bar screen. Alum Sulfate is added after screening and prior to the splitter structure for chemical phosphorus removal. Preliminary effluent is directed to one of two SBR units with a capacity of ~27,000 gallons each. After treatment, the effluent is re-aerated prior to discharge to a drainage ditch that empties into the Rock River. Biosolids are hauled to another wastewater treatment facility for further treatment.

The Department has tentatively decided that the above-specified WPDES permit should be reissued.

Limitations and conditions which the Department believes adequately protect the receiving water are included in the proposed permit. Land application of waste shall be done in accordance with permit conditions and applicable codes. All land application sites shall be approved prior to their use. To receive a list of approved sites, or to be notified of potential approvals, contact the above-named basin engineer.

Persons wishing to comment on or object to the proposed permit action, or to request a public hearing, may write to the Department of Natural Resources at the above-named permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be issued as proposed.

The Department may schedule a public informational hearing if requested by any person and shall schedule a public informational hearing if a petition requesting a hearing is received from 5 or more persons or if response to this notice indicates significant public interest pursuant to s. 283.49, Wis. Stats. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit, fact sheet and permit application, may be inspected and copied at either the above-named permit drafter's office or the above-named basin engineer's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter or basin engineer for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (414) 373-8523 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice, permit and fact sheet. Permit information is also available on the internet at:
