RE: Annual Report of Water Use, Water Diversion and Return Flow
for the City of New Berlin, Wisconsin – 2009

Dear Mr. Ebersberger:

The City of New Berlin is hereby providing the first Annual Report of Water use, Water Diversion and Return Flow for the City of New Berlin, Wisconsin for the calendar year of 2009. This report is intended to comply with the requirements of the WATER SUPPLY SERVICE AREA PLAN & DIVERSION APPROVAL issued by the Department on May 21, 2009. This report is further intended to create a template for future reporting that will meet the requirements of said approval and serve as a guide for subsequent annual reports.

The City of New Berlin previously submitted the required information on March 1, 2010. In response to the data submittal the Department requested additional information and clarification in correspondence dated March 30, 2010. Additional information and clarifying materials were provided to the Department by the City on April 6, 2010. The Department requested further information and clarification be submitted in correspondence dated April 15, 2010. The Department further required the information be provided by April 30, 2010.

While the City believes the information presented contained the data necessary to satisfy the requirements of the diversion approval, we also understand the need to clearly and succinctly present the relevant information. We also desire to present the information in a manner that can be tracked from year-to-year in a consistent format and manner. The attached documentation accomplishes these goals.

Letter to Mr. Eric Ebersberger
Natural Resources Program Manager
Division of Water/Drinking Water/Groundwater/Water Use Section
Wisconsin Department of Natural Resources
April 20, 2010

We believe this satisfies our reporting requirements for calendar year 2009. As you review the documentation we would ask that you contact the Mayor's office directly with any questions or concerns you may have. We are committed to working with your office to provide the required information annually in a clear and concise format that all can benefit from.

Very truly yours,

CITY OF NEW BERLIN
